Motion - 1

THW sentence criminal offenders to indeterminate sentences of imprisonment and release them when they have deemed to be rehabilitated (eg: good behaviour) rather than sentencing offenders to fix terms of imprisonment

Context Slide – Motion 2

Assuming such technology exists, "fractional capital punishment" is a form of punishment wherein heinous crimes are punished by using this technology to reduce the number of years the individual is going to live. The number of years reduced is in proportion to the degree of the crime.

Motion - 2

THW enforce fractional capital punishment

Motion - 3

THS privatisation of prisons.
